

# AXIS® RECHARGEABLE

**Micro-USB rechargeable headlamp with dial-activated mode control**

Updated for this year the lightweight micro-USB rechargeable Axis Rechargeable features a more intuitive interface, smoother dial operation, and updated aesthetics. An ambidextrous & glove-friendly side-mounted button lets you choose between four different beam settings (red, spot white, flood white & dual) and the surrounding dial provides dimming in all modes. Dial up for fast-paced activities such as trail running or power down for close range tasks. The built in battery power meter lets you know when you're ready to go and the sealed lithium rechargeable battery uses regulated circuitry to provide consistent output. If you're ready to ditch wasteful, single use batteries the Axis Rechargeable is your new go-to partner.

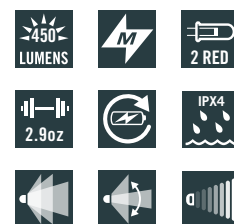

Part# AXRC21-BK/DK

## SPECS

<b>POWER</b>	450 Lumens
<b>LAMP</b>	1 Maxbright LED w/ Spot <i>(dimnable)</i> 1 Maxbright LED w/ Flood <i>(dimnable)</i> 2 Red Ultrabright LEDs
<b>RUNTIME</b>	15 Hours
<b>BATTERIES</b>	Lithium Ion Rechargeable <i>(built-in)</i>
<b>WEIGHT</b>	2.9oz / 83g
<b>WATER RESISTANT</b>	IPX4 <i>(splashing water)</i>

## TECHNOLOGY

## PERFORMANCE

Modes	Runtime	Beam Pattern	Reserve
DUAL BEAM HIGH	1.3h		-
SPOT BEAM HIGH	2h		1.2h
SPOT BEAM LOW	10h		-
FLOOD HIGH	5.5h		1.5
FLOOD LOW	15h		-
RED HIGH	28h		-
RED LOW	50h		-
DISTANCE (m)		0 5 7 13 16 18 30 35
